Aliou Yaya SAGNA

Toulouse, France | +33 7 80 70 85 53 | aliou.sagna@etu.inp-n7.fr | github.com/AliouYayaSagna

Summary

Engineering student specializing in High-Performance Computing and Big Data. Strong background in mathematics, physics and programming, with experience in academic projects, robotics and student organizations. Interested in computer science, data analysis and numerical methods.

Education

Engineering Degree in High-Performance Computing and Big Data **2026 – 2029**
ENSEEIHT, Toulouse, France

Preparatory Classes for French Engineering Schools (MPSI/MP) **2024 – 2026**
Thies, Senegal
Admitted to ENSEEIHT (INP Toulouse).

French Baccalauréat – equivalent to A levels – Mathematics, Physics-Chemistry and Life Sciences 2021
Prytanée Militaire de Libreville, Libreville
Graduated with highest honors.

Academic Project

Personal Project: Cycle and Loop Decoding Using Recurrent Neural Networks **2025 – 2026**
Independent project
Study of recurrent neural networks for cycle and loop decoding.

Technical Skills

- **Programming:** Python, Ada, C++, MATLAB/Simulink, SQL.
- **Tools:** Git, Linux.
- **Technical areas:** Website development, data analysis.

Leadership and Activities

Member – 7Robot Robotics Association **2026 – Present**
ENSEEIHT, Toulouse

Sports Office Committee Member – Sports Event Planning **2025 – 2026**
Preparatory Classes, Thies

Member – Association of Former Senegalese Military School Students **2024 – Present**
Senegal

Representative of Senegalese Students **2023 – 2024**
Prytanée Militaire de Libreville

Languages

French (native) | English (C1, TOEIC 950)

Interests

Basketball, table tennis and marathon running.
